DISTRIBUTION OF CIA PERSONNEL
LISTS THROUGHOUT FBI FIELD OFFICES
AND RESIDENT AGENCIES

RECORDED - 122
EX. - 62-80750-1799

Reference is made to your letter dated March 10, 1952, wherein you indicated that [redacted] CIA [redacted] casually commented about his desire that the CIA furnish each FBI Office with lists of CIA personnel in their respective field divisions; and that thereafter, each Field Office disseminate the lists to Resident Agencies throughout the country.

Your comments to [redacted] concerning the matter are in accord with the Bureau's desires. The Bureau will not undertake any project which will necessitate the indexing and recording of the identities of CIA personnel throughout the United States.

SJP:lw

NOTATION ON YELLOW

[redacted] CIA, inquired if it would be possible for the Bureau to furnish all of its Field Offices with identities of CIA personnel in the United States. He was told that the Bureau would not undertake any such project inasmuch as it would involve considerable indexing and correspondence. He stated that he appreciated the problem which would be presented to the Bureau, and he considered the matter closed.

SUBJECT: DISTRIBUTION OF CIA PERSONNEL LISTS THROUGHOUT FBI FIELD OFFICES AND RESIDENT AGENCIES

On March 5, 1952, [redacted] visited this office informally and, during the course of conversation, casually mentioned his desire that CIA furnish each FBI field office with lists of CIA personnel in the respective field divisions and that thereafter each field office disseminate these lists to Resident Agencies throughout the country. [redacted] mentioned that in several instances his representatives, even after displaying proper credentials, were questioned by citizens who occasionally called the FBI concerning the CIA representatives; that this resulted in possible impersonation investigations and required the FBI to contact CIA to determine the authenticity of the CIA representatives. [redacted] thought that if each FBI field office and Resident Agency in the country knew the names of CIA representatives, this situation might be remedied. He did not make an official request that such be done by this office.

b3

I pointed out to [redacted] that such procedure would more properly emanate on a national level from Washington, D. C. I pointed out that on a national basis the procedure would probably involve considerable indexing work and correspondence by field offices with various Resident Agencies; that if changes in CIA personnel occurred, corrective action would be necessary by the FBI. I then mentioned the possibility that if such project were instituted for CIA, many other Federal agencies throughout the Government might, for similar reasons, desire that identical procedures be taken regarding their representatives, resulting in many thousands of names on various lists being disseminated through the FBI.

[redacted] said he would consider the matter further and might at some future date discuss the possibility with his CIA headquarters in Washington.

This is furnished for the Bureau's information in the event such inquiry should be instituted through CIA in Washington.

SUBJECT: BRIEFING ON CENTRAL INTELLIGENCE AGENCY

You will recall that by memorandum dated March 5, 1952, you were advised that the Bureau had been invited to attend a briefing on the Central Intelligence Agency. The briefing was to be held for the purported purpose of orienting certain U. S. agencies concerning CIA operations. The first of these briefings was held approximately two weeks ago. This was exclusively for military personnel. The second such briefing was held on the afternoon of March 28, and was attended by some military personnel and representatives from the civilian agencies such as the Department of State, Atomic Energy Commission, and the Bureau. Mr. Papich of the Liaison Unit and Mr. Laughlin attended for the Bureau.

The briefing was given in Room 2028 Q Building. It began at 2:00 P.M. and lasted until 5:05 P.M.

In the absence of General Smith, Director of CIA, Deputy Director Allen Dulles made the opening remarks. Mr. Dulles' statements were brief, in substance welcoming those present and explaining the purpose was to tell the other Governmental agencies what CIA was trying to do in order that the other agencies might be of benefit to CIA and CIA be of better service to the other agencies.

b3

Mr. Dulles was followed by [redacted] CIA. [redacted] comments, likewise, were brief. He reiterated the general theme of Mr. Dulles' comments. [redacted] did make a significant observation during his remarks in referring to any so-called jurisdictional disputes. He said that every time any problem on this subject arose, he remembered General Smith's most emphatic remarks that "there are no such things as jurisdictional problems. If any agency can assure me that it can carry out a particular responsibility, I would be most delighted to have that agency handle that responsibility."

The following speakers, who are all Assistant Directors of Divisions at CIA, spoke at this briefing:

The original of the letter went to Mr. Nicholson of the State Department with a copy to CIA. He thought it looked like a number 100-354194 was on the copy although he was not sure of this number. PURPOSE:

Joseph Katz, as you know, is a known Soviet agent. He has been out of the United States continuously since 1948 and up to June 1951 was principally believed to be in France. As of the latter date, he left France for Israel. Information received from reliable sources indicates that he is now residing in Tel Aviv.

[redacted]

b3

To point out that we have received no information concerning this subject since he went to Israel. To further point out that there is no indication that he contemplates returning to the United States in the future. [redacted]

DETAILS:

Joseph Katz, an American citizen, has been definitely identified as a Soviet agent by Elizabeth Bentley, Amadeo Sabatini, Harry Gold, Thomas L. Black, Robert Owen Menaker, and Floyd Cleveland Miller. Katz left the United States in 1948 and has not returned to this country since his departure.

Memo to Belmont 4-25-52
SLP

MAY 1 1952

5

From our investigation and according to information received from French sources of the Legal Attache at Paris, it is believed that Katz was principally in France up until June 1951. As of June 27, 1951, Katz left Marseilles, France, bound for Haifa, Palestine. Since that time it has been determined through two reliable sources that Katz is apparently residing at 19 Ben Yehuda Street, Tel Aviv, Israel.

b3

OBSERVATIONS:

As stated above, Joseph Katz has been out of the United States since 1948. He is currently traveling on an American passport which will not expire until March 1953. There has been no indication that he plans to return to the United States. Katz has been and probably is at this time a Soviet agent of paramount importance. If he would cooperate, he could be of inestimable value to us in a number of cases currently under investigation.

b3

You will recall that we were in the process of making arrangements with French Intelligence sources for the return of Katz to the United States at the time he departed that country. In view of the publicity which has been afforded Elizabeth Bentley, it is reasonable to assume that Katz is well aware of our interest in him. It is therefore considered highly unlikely that he will return to the United States of his own accord. The fact that he has been out of the United States since 1948 is further indication that he does not intend to return. Still further, Katz' wife, Bessi and his daughter are now living in the United States and our investi gation of them has failed to give any indication that he will return

MEMORANDUM FOR MR. TOLSON

MR. BELMONT

G.I.R.3

General Walter Bedell Smith of CIA called to state that he was sending over to us a summary of all of their activities which I had wanted to read, namely, the series of lectures. He stated there was one little section which never should have been put into print but it paid a very nice tribute to the FBI and he wanted me to see it. General Smith indicated that the next time our liaison representative, Sam Papich, went over to CIA he, General Smith, would ask Papich to carry this material to me by hand. He asked that the material be returned to him when I had finished with it and he also asked that it not be reproduced in any way, stating if I desired a copy for my confidential records he would be glad to present us with one. I told him I would be glad to see this material and would abide by his wishes.

Very truly yours,

J. Edgar Hoover

CIA has provided the Bureau through Liaison with a limited index of its publications. Two sets of this index have been furnished. One set is in Files. Permission is requested to retain the second set permanently at the Central Research Desk, where it will be of use for research purposes. It is a card index and occupies but little space in one of the file drawers. To retain it at the Central Research Desk will ensure its regular use and will save a great deal of time required relative to searching the general indices for titles, etc.

ACTION:

It is recommended that one copy of the CIA Index of Publications, as described above, be retained at the Central Research Desk.
